ABOVE THE CONFERENCE

The Public Interest Law Conference is the premier gathering for environmentalists in the United States. Now in its ninth year, the Conference will unite students, attorneys, activists and scientists to share their experiences and expertise. With fifty panels and numerous speakers and activities, the Conference has become an extravaganza of energy, innovation and inspiration for all who participate in the evolving environmental consciousness. The theme of this year’s conference is: Global Environmental Responsibility-Sharing Practices and Philosophies.

Keynote Speakers:

David Brower, Founder and Chairman, Earth Island Institute. Mr. Brower has been the inspiration behind the environmental protection movement in the U.S. He is former Executive Director of the Sierra Club and founder of Friends of the Earth.
